

# Group 4 - Sprint 1 Review Report

(Tony Karlin, Onni Kivinen, Jarkko Kärki, Joni Heikkilä)

What has been done:

- We created Trello and populated it with the product backlog and several other sections to monitor the progress.
- GitHub repository was created for the project.
- Application UI was prototyped using figma.
- Project Vision and Project Plan were written and submitted in Moodle.
- Tasks for Sprint 2 were reviewed and selected from the backlog for implementation.

What is in progress (for Sprint 2):

- Initializing the database.
- Development of several key features across both the frontend and backend.
  - Implementing the user interface of the client.
  - Setting up the server-side with Springboot.
- Setting up Docker.

Obstacles we faced:

- There were no obstacles. Work went smoothly during the first sprint.
