

Group 4 - Sprint 5 Review Report

(Tony Karlin, Onni Kivinen, Jarkko Kärki, Joni Heikkilä)

What has been done:

- Added localization using java.util.ResourceBundle for the following languages:
 - Finnish
 - English
 - Swedish
 - Russian
 - Japanese
- Added a default language for the application.
- Implemented a dynamic language selector that updates the application's content in real time.
- Adjusted layouts based on the selected language.
- Added test cases for all supported languages.
- Updated the product backlog to include localization-related user stories.
- Enhanced project documentation in README by adding information about the applications language support and instructions for updating the localization files.

What is in progress (for Sprint 6):

- Met all project deliverables for Sprint 5.
- Preparing the integration of localization data within the application's database.

Obstacles we faced:

- No obstacles were encountered during the sprint.
